BMI ACTIVITY REPORT

School Name _____ Govt. High School (SJCHS)_____

Date _____ 10-08-2025_____

Introduction

Our school organized a **BMI (Body Mass Index) Activity** for the students of **Class Two**. The main purpose was to measure the **height and weight** of students and calculate their BMI to understand their growth and health condition.

Objectives

- To check the physical growth of students in Class Two.
- To create awareness about the importance of **healthy food and exercise**.
- To guide parents in supporting their children's health and development.

Method

Each child's **height and weight** were measured carefully. With the help of the BMI formula ($\text{weight} \div \text{height}^2$), the BMI of each student was calculated. The results were compared with **BMI growth charts for children** to classify students into four groups: **Underweight, Healthy Weight, Overweight, and Obese**.

Findings

- Most students were in the **healthy weight range**, showing good overall growth.
- A few students were **underweight**, which shows the need for improved nutrition.
- Some students were **overweight**, highlighting the importance of balanced eating and physical activity.

Conclusion

The BMI activity was very useful in assessing the **health and growth** of Class Two students. It showed the importance of **balanced nutrition, physical activities, and regular checkups** to ensure healthy development.

SR No	Student Name	Father Name	Class	Height	Weight
1	Anum	M. Arif	TWO	4.5	12
2	Amna	Saeed Ahmed	TWO	4.1	10
3	Adeeba	Qurban Ali	TWO	4.4	13
4	Emaan Noor	Noor Mohammad	TWO	4.6	15
5	Horain	Saeed Ahmed	TWO	4.5	20
6	Hareem Fatima	Deedar Ali	TWO	4.3	11
