BMI ACTIVITY REPORT

School Name _____ Govt. High School (SJCHS)_____

Date _____ 10-08-2025_____

Introduction

The school conducted a **BMI (Body Mass Index) Activity** for the students of **Class Three**. The purpose was to measure the **height and weight** of each child and to calculate their BMI in order to understand their health and growth patterns.

Objectives

- To observe the physical development of Class Three students.
- To create awareness about **healthy eating and regular exercise**.
- To provide guidance for parents in maintaining their child's good health.

Method

The **height and weight** of every student were measured accurately. Using the BMI formula ($\text{weight} \div \text{height}^2$), each child's Body Mass Index was calculated. The values were then compared with standard **BMI growth charts** for children to identify their health status.

Findings

- Most students were in the **healthy weight range**, showing balanced growth.
- Some students were **underweight**, indicating a need for better nutrition.
- A small number of students were found to be **overweight**, requiring attention towards diet and physical activity.

Conclusion

The BMI activity was helpful in assessing the **health and growth** of Class Three students. It emphasized the importance of **healthy meals, active lifestyle, and routine health checkups** for children at this age.

SR No	Student Name	Father Name	Class	Height	Weight
1	Aleena Zia	Khuda Baksh	Three	3.2	35
2	Anumta Jamali	Zaheer Abbas	Three	3	35
3	Ayat	Faiq Ali	Three	3.3	35
4	Ayesha	Ali Muhammad	Three	3.5	40
5	Ayesha	Zulfiqar	Three	3.3	35
6	Dua	Akbar Ali	Three	4.2	45
