Subject: Request for Water Boring in School Due to Water Shortage

Respected Sir/Madam,

I hope this letter finds you in good health. I am writing on behalf of **Government High School (SJCHS)**, to bring to your attention a serious issue we are currently facing.

Our school has been experiencing a severe water shortage for the past few weeks. The society is also not receiving an adequate water supply, which has made the situation even more difficult. Due to this, it has become extremely hard to manage the basic hygiene and cleanliness needs of our students and staff.

In view of this ongoing issue, we are planning to arrange a water boring system within the school premises to meet our daily water needs. We kindly request your permission and support for carrying out this boring work.

We hope for your cooperation in resolving this urgent matter, and we will ensure that all work is done responsibly and with minimum disruption to the surroundings.

Thank you for your time and consideration.

Sincerely,

Syeda Samiya Kazmi
Principal/Coordinator
Government High School (SJCHS)
