SINDHI JAMAAT CO-OPERATIVE HOUSING SOCIETY, KARACHI

REPORT ON SUMMATIVE ASSESSMENT (3rd Year – 3rd Quarter)

Total Student Strength: 525

Classes: Grade 1 to Grade 9

Venue: Respective Classroom

Date : 27 Feb 2025 – 13 March 2025

1. Introduction:

The summative assessment was held during the Final Term of the 2024–2025 academic session to evaluate the academic performance of students across various grades. It served as a comprehensive review of the concepts taught during the term.

2. Objective:

- To assess the knowledge, understanding, and application of concepts by students.
- To provide feedback on student learning for teachers, students, and parents.
- To guide decisions on promotions and academic interventions.

3. Methodology:

- Subject-wise question papers were developed based on curriculum guidelines and learning outcomes.
- Assessments were conducted in a structured and invigilated environment.
- Answer sheets were evaluated using pre-set marking schemes to maintain objectivity.
- Performance data was recorded and analyzed to identify trends.

4. Observations:

- Most students performed well in language and social science subjects.
- A noticeable gap was observed in application-based questions in mathematics and science.
- Some students struggled with time management during exams.
- Overall discipline and conduct during examinations were satisfactory.

5. Key Focus Areas:

- Enhancing problem-solving skills, especially in STEM subjects.
- Improving written expression and comprehension in lower grades.
- Addressing learning gaps identified through the assessment results.
- Providing support for students with consistently low performance.

6. Recommendations:

- Conduct remedial classes in math and science for underperforming students.
- Organize workshops for teachers on creating more balanced assessments.
- Include more formative assessment practices to track learning continuously.
- Engage parents with regular feedback to support learning at home.

7. Outcomes:

- A clear understanding of student strengths and weaknesses was achieved.
- The assessment results will guide academic planning for the next term.
- Students became more aware of their academic progress and learning needs.
- Teachers are now better equipped to tailor instruction based on assessment data.
