

Govt. High School

Sindhi Jamaat Co-Operative Housing Society, Karachi

Date: 29th July 2025 (Tuesday)

Time: 9:00 AM – 12:30 PM

Venue: Govt High School (SJCHS) – Multi-Purpose Hall

Trainer: Sir Ahsan Mughal

- Expert in Technology Integration in Education
- Trainer in Digital Tools & AI for Teaching

Topic:

Artificial Intelligence (AI) in Education

Objectives:

- Introduce AI tools that can assist teachers in classroom planning and content creation.
- Understand practical uses of AI in assessment design, syllabus planning, and content enhancement.
- Encourage safe, responsible, and efficient AI usage in education.

Summary of the Session:

Sir Ahsan Mughal conducted an insightful session on the use of **Artificial Intelligence in teaching and educational tasks**. Teachers were introduced to various AI platforms and shown how these tools can be integrated into daily work to enhance productivity and efficiency.

Key areas of focus included:

- Designing question papers with AI assistance
- Drafting lesson plans and structuring syllabi
- Enhancing communication and idea generation
- Using AI responsibly and ethically in an academic setting

AI tools demonstrated included:

- **ChatGPT**
- **Grok AI**
- **DeepSeek**
- **Perplexity**
- **Gemini**

Activities Conducted:

- Live demo: Generating a sample paper using ChatGPT
- Hands-on trial of an AI-based lesson plan builder
- Group discussion on ethical use of AI in schools

Break: 10:30 AM – 11:00 AM

Resources Used:

- Laptop
- Internet
- Projector

Participants:

Syeda Samiya	Shumaila	Saika	Parwish Fatima	Saba	Shaila Bhatti
Hussan Bano	Shagufta	Tania	Tasneem	Rabia	Shaila Bhatti
Dilshad	Irum	Nida	Iffat Naaz	Amna	Ambreen
Ayaz	Anwar Baloch	Sohail Ahmed	Fayyaz Muhammad	Yasir	Zafar

Key Takeaways:

- AI can significantly ease the workload of teachers when used correctly.
- Tools like ChatGPT and Gemini can support content creation and planning.
- Teachers must stay updated with digital advancements for continued professional growth.
- Ethical considerations must always be kept in mind while using AI in education.
